OBJECTIVE

I'm a software developer with over 3 years of experience in developing web applications. I'm also hard-working and a great team player; currently looking for the right opportunity to maximize my potentials for the success of the organization

EXPERIENCE

2019 -
2020

- **Software Developer**

Digital Dreams LTD

Worked on mylelojobs.com the company's job searching website; maintaining the codes and implementing new features.

Developed jobsnaija.com a second job searching website which implements a file caching system, reducing the number of hits made to the database on every job search, thereby increasing efficiency and speed. It also implements a CV Builder system, in addition to an API for companies to upload jobs to this website from their own site's admin panel, and an Eassy-Apply feature for job seekers.

Worked on the company's Learning Management System, adding youtube API and Online Games API to the system.

2017 -
2018

- **Web Developer**

Xtech Business Solutions

EDUCATION

2011

- **High school**

Ave Maria College, Ngwo, Enugu State.

2005

- **First School Leaving Certificate**

Silas Memorial Primary School, Ngwo, Enugu State
